Re: Fiero v. FINRA  
Index No. 08-cv-01298 (VM)

Dear Judge Marrero:

We represent plaintiffs and write – with defendant FINRA’s consent – pursuant to Rule I((F) of your Individual Practices to request an extension until October 6, 2008 of the time to (i) oppose FINRA’s motion to dismiss the complaint (currently due August 18); and answer, move or otherwise respond to FINRA’s counterclaim (currently due August 25).

The current deadlines should be merged to one date, because we intend to move to dismiss the counterclaims on the same basis as opposing FINRA’s motion to dismiss. The extension is requested because the issues involved are novel, and because of conflicting deadlines in other matters, and an impending summer vacation.

Respectfully submitted,

  
Brian D. Graifman
